

Special Waiver for the Satellite Ski Club 2027 Ischgl Trip

1. This supersedes the cancellation dates and penalties of the standard deposit and cancellation policy but does not replace it. This is because the hotel and airline has imposed a cancellation policy on this trip that is different than the Satellite Ski Club policy. These deposits are dictated by the hotel and airline and the ski club has no control over it.

First deposit (\$1500) is due at signup.

Final payment is due Nov 7, 2026.

2. Refund policy for this trip only. Please note that these dates are when the Travel Agent must be notified. You must notify the Satellite Ski Club at least 3 days prior to these dates to allow for communication delays.
 - 90 days prior to departure: \$50.00 per person plus any supplier penalties
 - 89-60 days prior to departure: \$100.00 per person plus any supplier penalties
 - 59-31 days prior to departure: \$200.00 per person plus any supplier penalties
 - 30 days or less prior to departure: no refunds and no substitutions

These are in addition to the Satellite Ski Club cancellation fees that are outlined on the “Resources” tab on the website:

<https://www.satelliteskiclub.org/resources/satellite-ski-club-trip-signup-refund-policy/>

Travel to foreign countries involves certain risks. You may wish to consider purchasing travel insurance. Talk to your insurance agent to determine what your current coverage is. Medicare does not provide coverage outside the US.

3. We make the best estimate possible of the final price. The final price may change depending on participation. Departure taxes, security fees, airport facility charges, fuel charges, exchange rates, etc., may be imposed or changed at any time. These are beyond our control and will be due with final payment.
4. The airline does not permit deviations from the itinerary.
5. You will be required to be a member of the Satellite Ski Club during the 2026-2027 season. If you are not a member at time of final payment, membership dues will be added to your final payment.
6. You must have a valid passport with an expiration date no earlier than August 28th 2027. You are required to provide a photo or scan of your passport. This is to insure that your name is correct on the airline tickets.

7. Travel to Europe in 2027 **may** require an ETIAS visa. **Currently this is postponed and probably will not be required.** The Satellite Ski Club will NOT do this for you! The fee is €20 (approximately \$23 USD) and is done online. Applicants under 18 or over 70 are exempt from the fee. Approved ETIAS authorizations will be valid for 3 years or until your passport expires, whichever comes first.
